

# Staebel Patient Transfer

Product Code: 21214SPT

The perfect all-in-one solution  
for safe patient transfers in  
healthcare environments.

The Staebel Patient Transfer Device is the perfect solution for safe transfer of a patient or resident within the home or facility. This is your all-in-one solution without the need for additional lifting straps and belts, and promoting user independence. The width adjustable base allows good access to most seating, whilst also designed for good access beneath beds etc.

**Product Features:**

- Fast, stable and safe transport
- Assists clients with moving from bed to the chair and toilet or vice versa
- Standard with breaks for ultimate safety
- Weight-bearing footplate to assist users when standing
- Width-adjustable base for access to most chairs and under beds
- Padded Knee and Seat Support for user comfort
- Two sizes available: Standard and Bariatric
- Bariatric Size allows easy use with the extra Cross handle and weight bearing footplate to assist the user with standing
- Safe Working Load of 180kg (Standard) and 220kg (Bariatric)
