2957 Staebel Chair Scale

# The Staebel Chair Scale with its patented design maintains reliability and uncompromising precision.

All of the user's care needs, including safety, comfort, caregiver's use and maintenance, are met with this Chair Scale. The compact design ensures the most cost efficient shipping method and reduces the risk of carer strain particularly when weighing an obese/bariatric patient.

- Unique base frame design gives care staff assurance that scale is compatible with other equipment utilised in care setting (e.g.. Full-sling/Standing hoist, Regency chair)

- High quality gas stool features a deluxe comfortable padded seat.
- Twin wheel castors are standard and do not create noise when wheeling scale along a corridor
- One piece footplate flips up and has been designed with skin tear prone patients in mind
- Armrests flip back to allow scale to be utilise in bariatric care setting
- Base frame comes standard with a level indicator

## Specifications

Product Code	2957
Overall Width	630 mm
Overall Length	850 mm
Overall Height	965 mm
Seat Width	430 mm
Seat Length	420 mm
Seat Height	80 mm
Graduation	0.1 kg
Product Weight	18 kg
SWL	300 kg
